Our **SUPA Frame** was Designed & Manufactured right here in Australia, some 15 + years ago, by our very own Managing Director Graeme, who worked closely with industrial engineers to create a tough, light weight, responsive frame for the easiest days painting you will ever experience.

Our **SUPA Frame** is lightning fast with precision accuracy to provide high – quality paint finishes every time. The lightweight injection moulded heavy duty plastic frame reduces fatigue whilst providing balanced weight distribution.

The **SUPA Frame** has no moving parts which means NO parts to lose or break.

Our **SUPA Frame** is available in 230mm, 270mm & 305mm.

Graeme has had 35 + years' experience in both commercial and residential painting, so choose the frame designed by a painter for painters, choose The **SUPA Frame!**
